currenza®

Finally, a cash and card bezel that you can read!

The proven currenza line of bill handling products can now increase your sales even more by providing your customers with the convenience of paying with bills, credit or debit cards.

Attract customers
• The highly visible Bright multi-line LCD display will guide your customer through the card transaction process and keep them coming back
• Pulsating LED, the signature of the currenza bill handling products, has been proven to attract customers and lets them know they can insert their bill with confidence
• Intuitive design helps your customers to quickly relate to the payment options available

Keep customers
• Built upon the fastest (1.7 second) and highly reliable currenza bill validator platform
• Provides the payment options your customers are demanding today
   • Accepts bills (up to $20)
   • Credit cards
   • Debit cards
   • Coupons
• Audible feedback tells your customers that their card was successfully read

Increase sales and retain key sites
• More payment options reduce walk-aways due to the lack of cash
• Satisfy your accounts that demand more payment options

While providing the flexibility and reliability you demand
• Durable-hardened plastic construction
• Compatible with several vending management systems
• Installs easily on all currenza bill Validators or Recyclers
• Fits easily in existing validator mounting
• Interfaces with USAT data port or equivalent
